

Ron Gerlach

Technical Director—Stena Rederi AB

Ron has been part of the Stena Group for more than 20 years.

He spent 8 years in South Korea and China overseeing newbuild projects for the Stena group.

He held various positions within the Northern Marine Group in Scotland in Ship Design and Technical Fleet Operations, as Director Ship Management.

Between 2015 and 2021 Ron was appointed Managing Director for Stena Line Germany, in charge of commercial operations for the ferry routes between Sweden and Germany.

Since then he leads Stena's inhouse R&D division Stena Teknik as Technical Director in Gothenburg.

Ron holds a Master's Degree in Naval Architecture and Ocean Engineering from the Technical Universities of Berlin and Hamburg.
