

International Methanol Conference

Methanol and the Energy Transition

November 5-7, 2024 - Singapore

Thomas Frederiksen

Senior Business Development Manager, European Energy A/ S

Thomas Frederiksen is the Senior Business Development Manager for PtX Project Development at European Energy. With over 10 years of experience in the energy and renewables markets, he has a proven track record in negotiating sales and purchase agreements across power, LNG, and eFuels markets. Recently, Thomas has concentrated on project development in the PtX space, which includes the construction of the world's largest eMethanol plant. His primary focus is on connecting and supporting the shipping and industry to achieve their decarbonization objectives.
